

# Land Subsidence in the Central Valley

- Presentation & Site Tour -

Friday, March 22, 2019

Join us for a presentation to learn more about the history of subsidence in California and enjoy an onsite tour of USGS's recently refurbished extensometer along the Friant-Kern Canal.

## Time & Location:

**10am-11:30am – Indoor Presentation**

(City of Porterville Transit Multi Purpose Center -  
15 E Thurman Ave, Ste D, Porterville, CA 93257)

**Noon-1pm – Extensometer Site Tour**

(Southeast of Intersection Ave 112 and Rd 208;  
Adjacent to Friant-Kern Canal near Mile 101.6)

Hosted by:
